

Failures in EP, 5th edition

6.-7.9.2024., Hotel Olympia Sky, Vodice, Croatia

Day 1 Friday, 6 September 2024

12:30 – 14:00	Welcome lunch & registration
14:00	Welcome address Šime Manola, President of Working Group on Cardiac Arrhythmias and Pacing, Croatian Cardiac Society, Zagreb, Croatia Ante Anić, Split, Croatia
14:15 – 16:30	SESSION 1 - Let us warm up with pathways... <i>CHAIRMEN: Nikola Pavlović & Tamas Tahin</i>
	3rd is the charm - frustrating ablation of a posteroseptal accessory pathway in a patient with left persistent superior vena cava and CS-diverticle Robert Bernat, Aachen, Germany
	The ultimate frustration: failing the “easy” WPW Vassil Traykov, Sofia. Bulgaria
	PSVT in a 30-year-old lady; it is most likely a simple AVNRT... Nándor Szegedi, Budapest, Hungary
	When avantguard does not work, go back to classic! Toni Brešković, Split, Croatia
	Two challenging re-do cases of total 3 accessory pathways with ablation failure after both conventional and 3D high-density mapping Mustapić Vito, Krapina, Croatia
16:30 – 17:00	Break
17:00 – 20:00	SESSION 2 - Miscellaneous, and maybe some pathways again! <i>CHAIRMEN: Ante Anić & László Gellér</i>
	How 3D mapping helped: A “quick” WPW redo Daniel Scherr, Graz, Austria
	A novel method to evaluate functionality of atrial substrate; Atrial late activation mapping to predict recurrence after atrial fibrillation ablation Hikmet Yorgun, Ankara, Turkey
	Pulsed field ablation of focal right atrial tachycardia after 2 unsuccessful RF ablation attempts Dejan Kojić, Belgrade, Serbia
	Treating left bundle branch block - beyond the obvious Mirko Topalović, Ljubljana, Slovenia
	Not everything is as it seems - Long RP tachycardia recurrence after successful ablation Kristijan Đula. Zagreb, Croatia

Day 2

Saturday, 7 September 2024

09:00 – 11:00

SESSION 3 - Now, to the ventricle!

CHAIRMEN: Šime Manola & Predrag Stojadinović

What is the proper timing for ablation in a patient with recurrent VT and ischemic aetiology

Jakub Baran, Warsaw, Poland

A case of „shy“ PVCs: the use of pre-procedural non-invasive localization for ablation in the absence of sustained PVCs

Lisičić Ante, Zagreb, Croatia

Electric storm bail out in a patient with LQTS

Daniel Scherr, Graz, Austria

Case report of a patients with ventricular ectopic beats and several ablations

Franjo Husam Naji, Maribor, Slovenia

Failed RVOT PVC RF ablation - the game is not over!

László Gellér, Budapest, Hungary

11:00 – 11:30

Break

11:30 – 13:00

SESSION 4 - When things don't go as planned

CHAIRMEN: Vjekoslav Radeljić & Vassil Traykov

When the front door is locked, why not use the back door?

Tamas Tahin, Zalaegerszeg, Hungary

Prefect procedure, weak finish! Open heart surgery after perfectly performed RF ablation of antidromic AVRT.

Jane Taleski, Skoplje, Macedonia

Series of failed EP procedures due to a flawed designed of a popular catheter

Jedrzej Kosiuk, Leipzig, Germany

Myocardial infarction as a rare complication of cardioneuroablation procedure

Predrag Stojadinović, Prague, Czech Republic

13:00

CLOSING REMARKS

Šime Manola & Ante Anić
